RIG AS HE—Bernard Bagert, Jr., stands beside the drum fish he caught on Grassy Point here last week on the last vacation day before school curtails his sporting activities. Bernard was fishing with his father and Judge Rene Viosca of New Orleans.

69-Pound Boy Lands 70-Pound Drum Fish

Pound for pound, nine year old Bernard Bagert proved himself the better man here Monday when he landed a 70 pound drum fish which weighed approximately the same as the fisherman.

The drum, a 3 1/2 foot beauty was caught at Grassy Point at the north end of the seavall while Bernard was enjoying his last day of freedom on Labor Day before the gates of school closed on him.

Out with his father, Bernard J. Bagert Sr., and Judge Rene Viosca both of New Orleans, Bernard landed the fish in 35 minutes.

"It was five different kinds of fish before we pulled him in," Bernard said. "But nobody said it was a drum fish."

Weighing the fish proved to be a real problem for the juvenile angler. At first the scales at the ice house were used, but rust and and disrepair made a reading a conservative 51 pounds.

After the fish had been out of the water about five hours, it was reweighed at Eddie's Fishing Camp where the activity took place. There on an improvised scale the drum registered 58 pounds.

Bernard himself weighs only 69 pounds by his own count.

Most of the fishermen around agreed that it had lost at least 10 pounds in the five hours. Bernard was staying at his grandmother's house, Mrs. Louise Bagert, at 1053 Julia.

For the catch he used live shrimp bait with a No. 4 hook and 15 pound test line. Made in four feet of water, Eddie of Eddie's Fishing Camp said it was by far the largest catch made in the area this season.

"I'm not going to eat it," Bernard said looking up at the drum. "I guess I might have it mounted."

H. Bourgeois Dies At Gulfport

Haywood A. Bourgeois, son of Mrs. Jennie Ladner Bourgeois and the late Thomas James Bourgeois, Sr., passed away at the Veterans' Hospital, Gulfport, Saturday, Sept. 5, at 10:40 p. m. after a short illness.

Haywood, a native of Waveland was 33 and is survived by one son, Haywood Bourgeois, Jr., a sister, Mrs. Charles Richard of New Orleans, and seven brothers, Felton, Leeland and Stanley of Waveland; T. J. of Clermont Harbor and Clarence and Warren of New Orleans.

The funeral took place Monday, September 7, at 4 o'clock from the Fahey Funeral Home, with religious services held at St. Claire's Catholic Church with Rev. Kuhl conducting the services. Interment was in the Waveland cemetery.

Haywood, a veteran of World War II was buried with full military honors by members of the American Legion Post 139.

Two Car Thieves Recaptured Here After Jail Break

Two car thieves who were jailed last week for stealing gasoline were quickly recaptured after breaking jail here Tuesday afternoon.

Deputy Sam Peterson made a quick nab of the two youths, one 19 and the other 20, approximately 15 minutes after he received a call from jailer Roland "Red" Lafontaine.

The bandits, Donald Murphy and Michael J. Watts, both of Maryland, ran past the jailer who was on other business at about 5 P. M. Lafontaine called Peterson and indicated that the youths were headed toward the Louisville & Nashville railroad station.

Peterson quickly called Deputy John Kachler and told him he would pick him up.

Peterson headed toward Kachler's house, but as he was crossing the railroad tracks on Booker Street he spotted the youths walking down the tracks at about 5 P. M. Lafontaine called Peterson and indicated that the youths were headed toward the Louisville & Nashville railroad station.

Peterson hid his car and waited for the car thieves to approach. There he nabbed them and brought them back to jail.

Judge Nelius Rhodes sentenced the youths to 30 days and costs for jail breaking. Previously they had been sentenced to 60 days for stealing gas.

Also the Federal Bureau of Investigation expects to take custody of the bandits when they are released from the county jail on charges of bringing a stolen car across the Louisiana-Mississippi state line.

The youths were quoted as saying they attempted to escape because they had heard federal agents were after them.

They have had little luck in their law-breaking activities here. Last week Peterson, Kachler, Sheriff John Egloff and highway patrolmen Robert Blackwell captured them 20 minutes after they stole gas from Scafield Bros. station on highway 90.

City To Have First Registration In 40 Years

Voters in Bay St. Louis will be faced with a new registration around October 1, the commission council announced this week.

The registration will be the first the city has had in approximately 40 years. Commissioner Sylvan Ladner said. Ladner noted that some women voters who now have grandchildren are still listed under their maiden names.

The need for a new registration was obvious, he said. More details on the registration will be available next week.

ST. STANISLAUS READIES FOR MCGILL OPENER IN MOBILE

Conditioning and sharpening up the offense are the orders of the week for St. Stanislaus' football team as Coach Farley Day preps his boys for the opening game against McGill in Mobile Friday.

Slowed down somewhat by the hot afternoons, Day figures the team will be ready to take the Yellowjackets in the night contest.

Last year McGill fought to a scoreless tie in Bay St. Louis. Key man for the Rocks this year will be Billy Scarborough, who will handle the quarterback duties. Scarborough will pass and call the signals from the T, the formation St. Stanislaus has used for the last three years.

Scarborough is the only letterman in the backfield, but he will get help from A. J. Burke, a squadman who didn't see much action last year. Burke has been looking well in practices and should handle the burden of the Rocks running game from his right half-back position.

Frank Constantino at left half and Bill LaMaitre at fullback will round out Stanislaus' back-

field. On the line veteran guard Maurice Artigue will lead the way at one tackle place with Dan Mooney playing at the other tackle position. Bitter Wolfe and Louis Ladner will hold down the end positions and both are expected to aid Scarborough's passing attack with their receiving abilities.

Frank Hille and Leon Fazio have nailed down the guard positions of the Rocks with Santa Cruz claiming the center duties. The McGill game will be held at Mobile's Ladd stadium. McGill has a team which has picked up experience, but Day figures his offensive attack can outscore the Yellowjackets.

Day's offensive hopes comes not only from the possibilities of Scarborough's passing arm. Besides Burke at running, he has LaMaitre and Lucette Van Luckett, both hard driving fullbacks. Help will also come from the starting team from Corky Wittmann and Birch Wilbert at the ends, Douglas Talbot at tackle and Patrick Mooney at guard.

Old Bridge Has Smoky, Short Fire

The old wooden highway bridge across the Bay of St. Louis is still trying to claim attention as it sent up a heavy blanket of smoke last Tuesday.

R. Passifume, director of the wrecking which is being done by Cayouha Wrecking Co., said the fire started from sparks caused by his workmen who were burning the bolts off.

The fire burning the creosote caused a great deal of smoke, Mr. Passifume said, but no damage was done.

The fire lasted for approximately twenty minutes in an attempt to repeat its annual ceremony. Actually the bridge had caught fire last month before it was taken out of use by the new all concrete toll bridge.

Work continued uninterrupted, Mr. Passifume said. A barge working along the bridge all the time is equipped with fire fighting equipment and was responsible for the quick extinguishing of the blaze.

The new highway served as a vantage point for camera enthusiasts who tried to get what well might be the last fire pictures of the wooden structure before it is torn down completely.

City Names Mrs. Ben Hille, Warren Buehler

The Bay St. Louis Commission Council announced this week the appointment of Mrs. Ben Hille, Jr. and Warren Buehler as playground commissioners.

A third member is yet to be named, Commissioner Sylvan Ladner said.

Mrs. Hille, one new member, is the mother of five boys. An active member in civic affairs, she is an outstanding member of the Bay-Waveland Garden Club.

Mr. Buehler, a graduate of Bay St. Louis, is also married and has two children. An employee of Gilmore's Service Station, he is a life time resident of Bay St. Louis.

It's New!

A new feature starts this week in your ever-enlarging Sea Coast Echo. It's "The Teen Tattler," a column of news and notes devoted especially for the younger set. You'll find it this week, and every week hereafter, in Section Two.

Schools Open In County, City This Week

School opened this week in Bay St. Louis this week but the kids were thumbing through their handbooks already looking for when the next holiday would come.

Bay High teachers and officials had a hectic day with their first week crowd, and an official count of the students was out of the gate as the Echo went to press. However, for the Bay Hi students' information, the first holiday does not appear until November 25 with Thanksgiving.

St. Stanislaus, with Bro. Roland opening as head of the school this year, had a large, but not record breaking registration with 418 students.

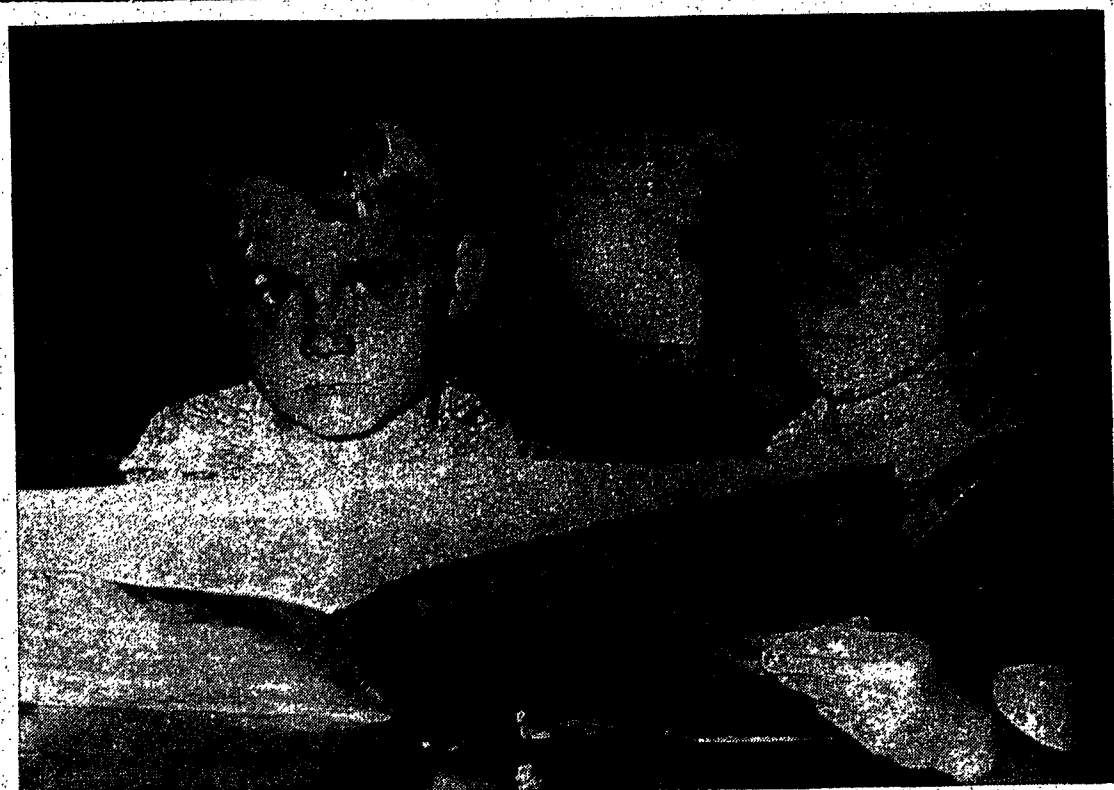

St. Joseph's Academy registered approximately 373 students on its first day. Thursday, but a few more were expected to enroll before the week ended. This number is about the same as it has been in former years at the Academy.

Meanwhile the county schools reported a considerable increase in enrollment from last year. Approximately 1300 white children were in the county school rooms. But no new appointments were predicted by Superintendent of Education E. E. Breland because the increase was spread throughout the county. No figures were ready yet for the colored students.

Bay St. Louis Business Jumps

Bay St. Louis business jumped 28 per cent during July, according to data collected from five Gulf Coast cities by the School of Business and Industry at Mississippi State College.

For July '53, compared with July 1952, an 8 per cent gain was shown for the coast, July business activity was about one per cent greater than that of June 1953. Bank debits and money order sales were the major contributing factors.

For the comparison with last July bank debits showed the following increases: Biloxi, 11.6 per cent; Gulfport, 2.1 per cent; Bay St. Louis, 39.3 per cent; and Piquette, 33.4 per cent. Pass Christian reported a 13.5 per cent drop in bank debits for the comparison.

Money order sales changed as follows for the comparison with July 1952: Biloxi, 2.2 per cent; Gulfport, 11 per cent; Bay St. Louis, 4.2 per cent; Pass Christian, down 12 per cent; and Piquette, down 1.1 per cent. Postal receipts followed the same pattern with increases in the first three cities and losses in latter two.

KIDS FISH \$36 FROM LEGIONAIRES

Over 120 boys and girls fished to their hearts and pockets content as the American Legion held its first fishing rodeo here Saturday on the Legion public pier.

Wayne S. Allison walked away with the biggest cash prize on the basis of his 19 3/4 inch flounder which netted him \$5.00. The Legion awards were made on the size and type of fish.

Twenty-two other youngsters cashed in on the Legion generosity for a total of \$36.00.

Butch Cappell placed second with a 16 inch speckled trout for \$4.00 and Michael Larroux third with a 6 3/4 pin fish for \$3.50. The Legion also dedicated its new lighting system which will brighten the way along the quarter mile public pier. Ceremonies were held at 6 p. m. on Saturday with Mayor John Scafield and Commissioners Sylvan Ladner and Cyril Glover attending. Mayor Scafield and Commissioner Glover threw the switch which lights up the pier walk.

An automatic time clock will start and stop the lights at set hours in the day.

But the kids who tried to fish out the Bay of St. Louis needed no lights in their quest. Bad weather early in the morning held the participation a little low at first, but a bright sun soon resulted in an overflow crowd.

The rodeo was so successful that the Legion members signified approval at an unofficial meeting to have the rodeo annually.

Awards were made at 6 p. m. Saturday on the beach. Mayor Scafield congratulated each winner as the awards were presented.

Vice-Commander Leroy Luke expressed the opinion of all the Legionnaires when he said that his enjoyment from the rodeo could not be bought.

At the lights dedication ceremony Mayor Scafield praised the activities of Legion and noted that the response and commission council appreciated their efforts. "Such projects as this cause me to be proud to belong to the American Legion," Scafield said.

Legion Commander Lucien Kidd said that the new light project did not complete the Legion's service to the community. "It is only a

signal that one project is completed and that the Legion is ready to start another project. "Service to the community is the most lasting gift that we can give to our fellow citizens. We offer this gift as a Memorial to those patriotic men who died so that we might carry on our American way of life," Commander Kidd concluded.

Members of the Legion who served on the committee for the light installation were John D. Rutherford Jr., chairman; Leroy Luke Sr., Lucien W. Kidd, Frank Taconi and James Pfeiffer. Also cooperating were the Coast Electric Power Association and the commission council.

Those children awarded prizes by the Legion in the rodeo were: Wayne S. Allison, flounder, 19 3/4 inches, \$5.00; Butch Cappell, Speckle trout, 16 inches, \$4.00; Michael Larroux, Pin fish, 6 3/4 inches, \$3.50; Fletcher Cochran, Croaker, 10 inches, \$3.50; Jimmy Davis, Spade fish, 7 inches, \$2.25; James Rutherford, Sheepshead, 9 1/4 inches, \$2.10; Jerry Becker, Pompano, 6 3/4 inches, \$1.75; Geraldine Kidd, Eel, 18 inches, \$1.80; Linda Morel, Needlefish, 17 inches, \$1.70; Michael Larroux, Red fish, 12 inches, \$1.20; Norman Shiro, Ground Mullet, 12 inches, \$1.20; Jack Boutte, Cat fish, 11 inches, \$1.10; Bobby Freeman, Drum Fish, 9 inches, \$1.00; Geraldine Kidd, Oyster Fish, 8 1/2 inches, \$.85; Judy Taconi, White Drum, 7 1/4 inches, \$.75; Carl Gustafson, Bushwacker, 6 3/4 inches, \$.70; John Ladner, Bushwacker, 6 3/4 inches, \$.70; Judy Taconi, Menhaden, 6 3/4 inches, \$.70; Peter Morel, Pensacola Croaker, 5 3/4 inches, \$.60; John Ladner, Blow Fish, 5 inches, \$.50; Fletcher Cochran, Gaff-Top Cat, 4 1/2 inches, \$.50; Leroy Luke, Jr., Sardine, 3 inches, \$.30.

A heavy docket is predicted for the circuit court which holds its second session of the year here beginning Monday. Judge Leslie B. Grant, of Biloxi will preside.

The term is set for three weeks during which criminal and civil cases will be tried.

Top case on the docket will be the murder case involving Mack C. Lewis, who is accused of killing Kenneth Mason in Pearlington last April. District Attorney Boyce C. Holliman, district attorney for the second district, will act as the state's prosecutor along with Bay St. Louis city attorney Dah M. Russell Jr.

The grand jury will consider the case Monday.

Lewis, a colored serviceman, is accused of killing Mason on April 2. A wealthy New Orleans contractor, Mason had picked up Lewis on the highway in Louisiana.

When the pair got to Pearlington in Mason's Cadillac automobile, Lewis pulled a gun on Mason, it is charged. He forced the contractor to throw him his wallet and then shot him four times, the accusation continues.

Lewis then drove off toward New York City with the car, leaving Mason dead.

Speeding through Petersburg, Va., Lewis was picked up and returned to Mississippi. At the time he was on a furlough. He was tried in a lower court and bound over to the grand jury.

Mason's brother, Farwell Mason, whom Mason was going to see, retained Russell to help the District Attorney on the case. Judge Grant will meet with the various attorneys Monday to set dates for the trials. No other major cases are expected to develop, either in criminal or civil fields.

Lucien Gex, of Gex and Gex, Attorneys, said his firm had no outstanding suits to handle in this circuit court. However, Mr. Gex did note that the number of cases on the docket would be very heavy.

Clerk of Courts A. C. Mitchell said that the 18 grand jury members would be picked Monday from a list of 62 citizens who will be summoned. The Grand Jury then will review the criminal cases and report to Judge Grant.

This will be the second term for district court here. Earlier a session was held in March in the semiannual arrangement.

Hancock County is awarded two terms in the Second District which is composed of Hancock, Harrison, Jackson, Stone and George counties.

E. S. Demoran Wins N. Y. Trip

Emmett S. Demoran, proprietor of Demoran's Appliance Store, won a ten day trip to New York for himself and his wife from the Bendix Corporation in a sales contest.

Mr. Demoran, who competed in the Class B division of the sales contest, outsold dealers in both Louisiana and Mississippi to win the contest. All expenses will be paid on the trip by the Bendix firm.

The contest involved the sales of Bendix Duramot washers.

Winning in the Class A division was Wallington's Radio Service of Biloxi.

Sheriff Egloff In Hospital

Sheriff John Egloff was taken to Memorial Hospital in Gulfport Tuesday, pending an operation.

The Sheriff was reported to be resting a little better Thursday and the operation was expected to take place in a few days. During the Sheriff's absence Deputy Sheriff Sam Peterson will be in charge of the office.

Anti-Zonites Get More Names On Petition This Week

Those opposing the proposed zoning regulation in Bay St. Louis have added more names to the anti-zoning ordinance petition, Mrs. Mark Carmichael said this week.

Approximately 687 names have been filed with the city, it was announced. Mrs. Carmichael, who is working with Wilson Weber, said that the petition now has 700 names.

Sam Allison Wins Episcopal Quiz

Third grade, Sammy Allison beat out sixth and seventh graders in the finals of the Episcopal Church Sunday School summer quiz program, to capture first prize last Sunday.

Sammy, son of Mr. and Mrs. Philip Allison of McDonalds Lane, won three re-dribbled Bible markers with sterling silver symbols signifying Faith, Hope and Charity. The Episcopal Church program covered a three month period with projected color pictures, Bible verses and the quiz.

Those students who finished in the finals with Sammy were: William Lery, son of Mr. and Mrs. J. K. Larsen; Ellen Allison, daughter of Mr. and Mrs. Philip Allison; Sue Breath, daughter of Mr. and Mrs. C. A. Breath; and Sally Yarborough of Waveland.

Legion Auxiliary Meets Monday

The American Legion Auxiliary will meet Monday, September 14, the main event to be nomination and election of a queen for the coming Harvest Ball.

Mrs. Claiborne Ladner, president of the group, said the month of September has been set aside for music appreciation. Mrs. L. S. Elliott is in charge of arranging an appropriate program.

Among the auxiliary activities recently, said Mrs. Ladner was assisting at the American Legion fishing rodeo. The auxiliary sold hot dogs to participants and spectators.

Since the Area Convention will be held at Gulfport on Sept. 23, the president urged all members to work diligently so the unit can reach its membership quota by that date.

Hunters Ass'n. To Protest Dove Season

The Hancock County Hunters and Fishermen Association will send its president, Jack Ladner to Jackson this week to protest the split season that has been scheduled for dove hunting in Mississippi.

The dove season is slated to begin September 15 and close September 28, then reopen December 27 until January 10.

Ladner will travel with Mayor John Scifide to ask the game commission why one county in the state was able to gain a statewide split season on hunting.

The Hancock County Association, which reorganized two years ago, has been represented by Ladner at all of the district and state meetings of the state game and fish commission. It was through his efforts that Hancock County has an open turkey season and an open season of long bill Jack Snipe.

Eugene Fly, director of the state game and fish commission has already written the Hancock Association that officials from Coahoma County League suggested that the dove season correspond with the Arkansas and Tennessee seasons.

Fly also said that it would probably be too late for any changes

Thousands of Men in **"IRON HATS"...**

Day in and day out, these modern explorers in their silvery metal helmets are searching for new sources of natural gas... to meet your needs of today and many years from today.

There's only one sure way to find natural gas... and that's to drill for it—often thousands of feet into the earth. It's a costly process, too, and the odds against finding either gas or oil in an undeveloped area are eight to one, based on the national average last year.

The natural gas industry will continue to search for additional reserves of this premium fuel... will continue to build pipe lines and distribution facilities to move it to your home or factory... as long as it sells at prices that provide a fair return on the enormous investments required.

We think you will agree that natural gas is the biggest bargain in your home today... worth every cent you pay for it—and then some!

Evelyn Witherspoon who spends so much time at her pink cottage deep in the pines on the Jordan River Bank, has been motoring through France and Spain this summer. A recent letter tells of a visit to the island of Majorca, off the coast of Spain in the Mediterranean.

Mrs. Robert Burns who has been in Tuscaloosa, Alabama, with her brother, James Cummings, for several weeks, spent the past week end at the Cumming's summer home at Perdido Bay, on the Alabama Gulf Coast.

J. W. and Elizabeth Thomas of Shelby, Mississippi, will be at Bonus Pines for about ten days with Evelyn and Lloyd Griffith.

For New Orleansians who own home on the Gulf Coast, Labor Day week end was the final gesture of hospitality for the season, so the doors were wide at the Henican, Joan Matthews, Pat McGraw and Claiborne Perrillat, Jr., all of New Orleans, were guests of the Henican children.

Alice Henican has left for Cincinnati and Windsor, Canada, where she will be a bridesmaid in the wedding of two former school mates.

Ellis Henican, Jr., will leave soon for Georgetown University in Washington, D. C.

Eleanor and Bill McCandless and their children, Billy and Sally, spent the Labor Day weekend with Eleanor's parents, the T. J. Garners on North Beach.

The Gayle Aikens had as their guest Dr. and Mrs. Michael Newton and their three children. They have returned to their home in Landsowne, near Philadelphia, Pennsylvania.

Harold and Mildred Leggat of New Orleans, have been staying with the Irving Boulets on South Beach.

Dudley and Aline Andry were at the Matthews cottage for several days with their two little girls, Aline and Elise.

Gerald and Rebecca Kennedy motored to Temple, Tex., to visit Paul and Louise Shallcross, formerly of Bay St. Louis. On the return trip, the Kennedys stopped over in Baton Rouge to see the Ralph Simms.

Ed and Louise Lasker and Magdalena and Anna Marie Fischer gave a barbecue party for Dr. and Mrs. Fred S. Schweinfurth, of Cleveland, formerly of New Orleans, and their son and daughter-in-law, Dixon and Mimi Schweinfurth of New Orleans.

George Pitcher, a former resident of Bay St. Louis but now living in New Orleans, has come back to the Coast for a week's vacation.

Girl Scouts Meet; Need More Leaders

The 1953-54 program for the Girl Scouts of Bay St. Louis was begun with a meeting of the neighborhood council at the home of Mrs. C. G. McDonald this week.

A need was cited for more leaders in the scout movement by Mrs. McDonald in order for the girls to obtain full benefits from the scout program.

The Girl Scouts were reactivated two years ago here and had over 300 girls participating last year. The first Girl Scout Day Camp was also held last year by the local neighborhood association of the Live Oak Council.

Those interested in aiding the local Girl Scout unit in its leadership drive are requested to contact Mrs. McDonald at her home.

Mr. and Mrs. Robert Labry of New Orleans and children spent the Labor Day holidays with Mr. and Mrs. August Hillman of Waveland.

Mr. and Mrs. Andrew Hillery and his family were at the Bay for the Labor Day weekend. Also with them was Mrs. Hillery's niece, Isabel Nott, daughter of Mr. and Mrs. William Nott of New Orleans.

Mike and Georgine Bassich were with Tee and Billy Stahl at their South Beach home for the Labor Day weekend.

The Harry Hardins of New Orleans some over to the Bay every weekend but for Labor Day have as special guests their daughter and son-in-law, Sue and Cliff Woodward and their children, Sidney, C. B. III, and Harry Hardin Woodward.

Recalls Old Days On Ferry

The Sea Coast Echo
Bay St. Louis, Miss.
Gentlemen:

I have read with interest the article in The Echo titled "Ferryboat Squeeze Played by Jazz Greats." The article stated that the great "Satchmo" Armstrong and the presently popular "Papa" Celestin played on the "Cecil N. Bean" in Bay St. Louis.

I feel rather badly about being left out in the cold by the article. Nobody remembers my little Bay St. Louis Band called "The Happy Five." We played many times on Sunday nights aboard the "Cecil N. Bean" while she cruised in the moonlight up the Bay St. Louis to the mouth of Jordan River then back to her moorings at the foot of deMontluzin Avenue. I was a teen-ager then, but lots of people in the Bay will remember the Happy Five. We played for a long time in Kargosien's pavilion back of the drug store—remember it? We used to play at the Yacht Club when it occupied the building that is now the Star Theater, the Woodmen's Hall, the Pickwick Hotel.

I remember, with nostalgia, the musicians who composed the Happy Five. Willie Raymond on cornet, Julian Perre on banjo, Sidney Larguer on saxophone, Alna Quintin piano and Sigerson on saxophone. Harold Jordy played with at one time, then finally had his own band on the "Cecil N. Bean."

The first band Mr. Drackett had on the ferry was one from Biloxi—I remember it very well for there were four saxophones in the band—they played on the ferry three or four times. One time the then famous "Owls" played on the boat and I remember another band called the Magic City Syncopators—and the little Happy Five gave forth with tuneful, but noisy, syncopation that awakened the sleepy heads from Pine Hills to Dunbar Avenue on many occasions. However, there definitely is no record of any colored band having ever played on the "Cecil N. Bean." I am confident that Louis Armstrong never, at any time, played anywhere in Bay St. Louis. Edith Dantagnan

To Marry John Piazza

The announcement is made this week by Mr. and Mrs. A. G. Dantagnan of the approaching marriage of their daughter, Edith, to Private John Piazza, son of Mr. and Mrs. Vincent Piazza.

The wedding will take place Saturday, Sept. 12, at 10:30 a. m. at Our Lady of the Gulf Catholic Church.

The couple will reside in Columbia, S. C., where Private Piazza is now stationed at Fort Jackson.

Janet Sellier

Married Here

Janet Marie Sellier, daughter of Mrs. L. P. Sellier, was married in a morning ceremony on September 4, to Luke Michael Sciana, son of John Sciana. The wedding took place at Our Lady of the Gulf Catholic Church.

The bride was given in marriage by her brother, Woodford H. Sellier. Katherine Blum of Waveland was maid of honor.

Ben Hillier, Jr., acted as best man for the groom.

The couple will live in Bay St. Louis.

T. J. CHAPMAN IN HOSPITAL
T. J. Chapman was taken from his home to Southern Baptist Hospital in New Orleans for treatment for a back ailment last Saturday. Mr. Chapman, who resides on Washington St., and Highway 90 was transferred by Fahey's ambulance.

—Mrs. Edith T. Johnson of New Orleans, was visiting her parents, Mr. and Mrs. Arthur Trautt for a few days.

some time during his career probably played at the Promote Hall, Woodmen's Hall or at the colored dance pavilion that years ago was located across the tracks from the L&N Station, but he never played on the "Bean."

Happy Five have joined the world above, some of us still remain and as some of the living jazz of the "Cecil N. Bean" era.

Very truly yours,
R. Best

Anthony Trapani Jr., who started flying at the age of four, returned home to Bay St. Louis last weekend, having just landed at the local air strip.

Junior, who came here to visit his brother and family, always had been fond of airplanes. He served in the Army Air Corps. After his flight at four, he took instruction at Gulfport. He obtained his flying license at 17.

One thing Junior is certain about - flying beats the highway 90 traffic jam.

Cited By Time**

Read Time Magazine August 24? Well, there's a local-boy-makes-good item for you there.

In the "Letter from the Publisher" column Time readers in general and Bay St. Louis readers in particular learned Paul Perret, whose first newspaper job was with the Echo, is now a circulation "trouble shooter" for the famous magazine.

Paul, who worked for the Echo in 1950, according to then, editor Udel Favre, is a graduate of Tulane University. He was a reporter and general man-of-all-work for the Echo. From this city he went to the Time and is now based in Europe. His ambition now, according to a recent letter, is to either turn to a non-traveling job in Europe or return home and edit a weekly newspaper.

The time man's job now is "to see that Time readers in the U. S. Armed Forces in England, Europe and North Africa get their copies (of the magazine) regularly."

Paul's engagement to Paule Bonnet of Fillings, Haute-Savoie, near Geneva, Switzerland, was announced recently.

He is the son of Dr. and Mrs. J. M. Perret of New Orleans.

**Fourteen New
Members For
Pass Garden Club**

Fourteen new members were greeted when the Pass Christian Garden Club held its first meeting of the season Thursday, Sept. 3 at Trinity Parish House.

Mrs. Samuel Schwing, President welcomed as new members Mesdames Jane Bassett, William Billings, Milburn Boys, George Byrne, J. K. Byrne, Joseph Edwards, Doyle Hickey, Philip Lee, John Odt, G. C. Orrell, Paul Raliff, Jr., William Scott, Byron C. Taylor and Shelby Tucker.

Mrs. J. F. Epperson, chairman of horticulture read a poem entitled "Planting A Garden" and drew much applause.

Mrs. John H. Walsh read a long list of books on gardening, many of which are available at the local library; others will be purchased by the club for the Garden Center at a later date.

Mrs. Geraldine Orrell, a teacher from the public school and supervisor of the Junior Garden Club now being formed, spoke on her hopes and plans for the youth of the Pass. She suggested that an experiment be made of ground being fenced off for their use.

Mrs. Milburn Boys was appointed to look into the cost of second hand fencing for the project.

Mrs. A. C. Smith displayed an attractive bird feeder made by Mr. Eugene Brown, of Long Beach, which she has found most successful in attracting birds to her yard.

Mrs. Pauline Dabney and Mrs. John Walsh led the discussion on "Conservation of Birds."

Mrs. John M. Parker, Jr., read directly from the Mississippi Code Statutes regarding conservation, which included laws on bird preserves, penalty for violation, etc. As that part of the Coast between the beach and the North Street is a sanctuary, the members were particularly interested in the following law: "It shall be unlawful for any person to hunt with gun or dog on any sanctuary or preserve for bird and game, or to rob or destroy the nests of any birds, or to catch, snare, trap, or net any birds within such prescribed limits, shall be prima facie presumed to be hunting in violation of this chapter."

Mrs. F. A. Cook, of the Mississippi Game and Fish Commission Museum in Jackson had sent interesting literature on this subject of conservation. She pointed out that in Jackson County there is a small colony of the Sandhill crane, the only ones left in the Gulf Coast States, except a few in West Texas and Florida, and that a refuge should be established for them.

WILDCATS WIN TWO

The Kiln Wildcats beat the Kiln Sox, 9-3, and Pleyune, 11-1, in a Labor Day doubleheader. The Wildcat record is now six victories and five defeats.

Delta Sigma Chi sorority had its first meeting of the school term September 1. A number of girls will be rushed and ten bids will be made later this fall. Discussion of rush parties and plans for "Hell-Week" will be taken up at the next meeting at the home of Patsy Favre.

Many of our 1953 graduates are entering colleges and universities this coming fall while others have already found various employment. Those attending Southern and leaving September 13 are Honorine Damborino, Willis Yates, Mike Murphy of Logtown, Bill McDonald of Pass Christian, Billy Jacks, Raymond Moreau and Andre Arceneaux.

Moises Garcia, Penny Cole, Billy Cooper and Bert Stiefel will lend support to Ole Miss's Alma Mater.

Mary Staehle, and Temple Perkins will enter Gulf Park while Karen Kedgoshen and Jerry Kiefer attend L. S. U.; Gerald Gex, Alabama, Jeannine Suzeneau, Springhill, Eric Kronengold, of Pass Christian, Rice University, Leonard Benvenutti, Poplarville from whom he received a football scholarship. Margaret Bayar to Pearl River College and Donald Levy and David Treutle to Tulane. Larry Scharf to Northwestern University where he will enter the school of journalism.

Tuesday Alyce Dupiquier left to attend All Saints School for girls in Vicksburg, Mississippi. Alyce was a student there last year for a semester.

Joelle Pujo of Jefferson High, New Orleans has been visiting her cousin Doodle Scattee for the past week.

"1953 Grads" of St. Joseph Academy, Audrey Carver and Ina Piazza will go to Vicksburg where they will enter Nurses Training School.

Gene Aime is at present employed by Ramsey's Department Store as bookkeeper and cashier. Joyce Lee Long is working for Peoples Federal Savings & Loan and its Loan Association.

"A back to school dance held at the Youth Center, Saturday night was enjoyed by many of the teenagers.

Seen on a picnic at Wolfe River Labor Day were Jane Pugh, Jackie LeConte, Cynthia Church, Paula Saussy, Kinta Kergoshen, John Peranich, Betty Feitel, Justin Benedit, Jerry Barrouse, Judy Johnson, Barbara LeMen and Eddie Cook.

Things are beginning to quiet down as the Labor Day crowd goes back to New Orleans for another nine months of school. Most of the teen-agers whose parents have summer homes over here left the day after Labor Day.

Stanislaus' first game of the season, will be with McGill of Mobile, Friday night. Many of the local students are planning to attend the game which will be held in Mobile.

Mothers Club to Meet
Mrs. Charles Flink, president of the St. Joseph Mothers Club, announced this week that the opening meeting of the Club will be held Thursday, Sept. 17 at 3:15 p. m. in the school den.

General organization of activities for the coming season will be discussed at this meeting.

The Rev. Hugh Taylor, general manager of the Bay Junior Baseball Club, reminds players to turn in their uniforms no later than Monday, Sept. 14.

Check the used car, sure! But check the dealer too!

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and we'll be here tomorrow!

Does he really know cars?

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And our expert mechanics have the equipment and "know-how" to handle any service job.

Are his prices really fair?

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep them moving to free our working capital. That's a good reason why we offer our used cars and trucks at rock-bottom prices.

Is he interested in you?

Remember—we Ford Dealers want to keep your good will because we want to take care of all your automotive needs. Someday we hope to sell you a new car, or another used car, and in the meantime, we want your service business.

Do his cars meet A-1 standards?

When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standard. And because you can trust the man you bought it from, you can trust the car.

IT'S WHERE YOU BUY IT THAT COUNTS!

\$2 1/2 Million This Year for New Rural Telephones in Mississippi

HERE IN MISSISSIPPI we're tying the rural communities we serve and the farm neighbors in them closer together by a rural telephone expansion program which, at the rate we've been going, will cost us 2 1/2 million dollars this year.

This will bring the total gross cost of new rural construction in Mississippi, since 1945, to approximately 15 million dollars.

We've been breaking records to keep pace with the demand for more rural telephones in the State. As a result there are four times as many telephones in farm homes and business houses today as there were a little over 7 years ago.

The tide charts, which appear in this Column as a regular feature, have caused quite a bit of favorable comment. But it has also caused some confusion, as we sensed when we received a letter from R. G. Campbell. Mr. Campbell, who owns Campbell's Island, asks us to give the tide table for that area since there is usually a two hour difference between it and Gulfport.

Actually our tables, which are furnished by the Coast and Geodetic Survey of the U. S. Department of Commerce, stand for the tide at Bay St. Louis. The next point west of here for which the tide is figured is Long Point, Lake Borgne, La. So probably the tide for Bay St. Louis is pretty close to the one for the mouth of the Pearl.

Reference station for the Bay St. Louis reading is Pensacola, oddly enough, and not Gulfport or Biloxi.

Incidentally, Mr. Campbell says he made a great catch a few weeks ago which we hope was due to the information gained in our tide tables.

Ainsworth Kidd, of Panama, on vacation, while fishing with his brother Raymond Kidd landed an 8 pound red fish. Ainsworth said it was a thrill of his life and gives him something to talk about when he gets back home.

Mr. Clarence (Dave) Davidson, president of the Columbia Radio & Supply Co., of New Orleans, and Mrs. Davidson were aboard their yacht "The Sweetheart" and were visiting in Logtown. They have been making some nice catches lately but did not have much luck over the weekend, due to rough water at the mouth of Pearl River.

Clarence Weeks and son tried them over the weekend and reported a fairly good catch.

Among those seen fishing in Pearl and Jordan Rivers over the

weekend included, Herb Wise, B. D. Hogue, Watson, John, C. C. McDonald, Sr., Oscar Bragg and the Genins, all of Bay St. Louis. They all caught a few green trout and perch. Maybe the change in the weather was the cause for them not biting as they should, suggested one of the crowd.

The many camps on Pearl River were full of out-of-town guests over the Labor Day weekend. All types of fishing were being engaged in with fair results.

Teddy Stechmann and sons reported catching some nice reds by the old Gex mill at Watts bayou—of course he helped the boys in landing them.

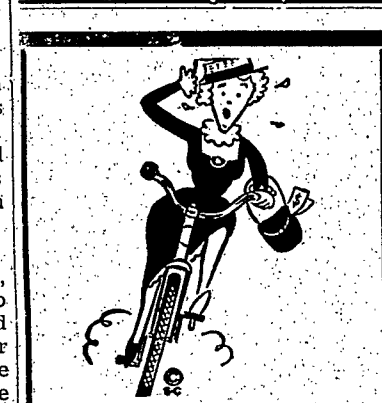

George Horton and guests aboard his sail boat spent a swell day up Jordan River Labor Day. George said he tried live shrimp, all kinds of artificial bait but couldn't make 'em bite—maybe the water was too clear, George, or the sailing was too good?

Fishing camps hereabouts report a record breaking crowd of anglers over the weekend. Live bait was at a premium, although many nice catches were reported.

Construction of the club house at Pass Christian Golf Course has begun in earnest and will be completed shortly. Alex Cunningham, Pro, has the course in fine shape and improvements are being made daily. A number of our local fishermen are ardent golfers and will mix golf with their fishing. More about this later.

The kids had a great time during the Legion fishing rodeo over the weekend. It was a worthwhile effort!

Engaged in mortal combat with a bass, most fishermen have a tendency to describe him as "mean," "cantankerous" or just plain "corrosive." Some add more vivid descriptions, says the "Out-door News" put out by the Game and Fish Commission and agreed upon by a lot of our local fishermen, especially as to the way they have been biting lately.

HOME AGENT NOTES

by: Miss Sarah Weaver

Lots of folks are superstitious about killing crickets in the house. But lots of folks have recently been finding it necessary to do something about the number of insects in their homes.

In the house they will eat holes in paper, rubber and in cotton, linen, woolen or fur garments. In fact, they'll eat these things indoors or out-of-doors especially if they're soiled with perspiration or foods. Outdoors they destroy seedling cotton and vegetables, too. The female cricket lays 300 eggs that develop in nine to fourteen days.

To control them in the house, spray with 2% household chlorine spray. A 5% chlorine or 10% DDT dust applied around the foundation, baseboards or door footing will stop them from entering the house.

Keep children out of the insecticide. Keep chickens or livestock from eating green plants or leaves where the dust has been applied. A good rain or sprinkling of the treated area will remove the danger to people and livestock from the insecticide.

Refrigerator Defrosting
The time to defrost the refrigerator comes around often all during the year and more especially so in hot weather. To make the job take less time, be easier and more important to keep your refrigerator in best operating condition, never let the frost get more than one fourth inch thick.

The thicker the frost the more it insulates or "blankets" the evaporator and reduces its cooling effect on the inside of the refrigerator, no matter how much the motor runs. Thus, thick frost lets the inside of the refrigerator warm up so that foods don't keep so well. Most home refrigerators need defrosting at least once a week, or often in summer when hot weather plus more use of the refrigerator for chilled foods and cool drinks causes frost to form faster. Follow the directions in the booklet that comes with the refrigerator to learn how to defrost. Some manufacturers advise quick defrosting with hot water in ice trays while others warn against it.

If you have a newer model refrigerator with automatic defrosting, you are the lucky one who does not have to worry about defrosting the refrigerator.

Eat Garbage Cans
You wouldn't think of going to the grocery store and buying \$281 worth of food and then putting it all in the garbage can. No, indeed!

But throughout the year, food waste—result of accumulated leftovers—costs the average family of five \$281.00. Make your plans now to use leftovers promptly and wisely—and stop feeding the garbage can. Common causes of food waste are lack of planning, wasteful practices, poor buying, improper preparation, cooking and serving, accumulation of leftovers, and poor storage of fresh, canned and frozen products.

Plan the marketing so that food doesn't sit around the kitchen or refrigerator and lose freshness and flavor. Use leftovers promptly in soup, stew or sandwiches or if you have a home freezer, freeze them. Keep all food clean, cool and covered to save more of it from the garbage pail.

Fruit Shake
To make a "fruit shake," slice one-inch blocks of frozen fruit into tall glasses. Add milk until each glass is about half full. Then fill the glass with vanilla ice cream and stir.

City Echoes

Mr. and Mrs. Edward J. Mistler Jr., of Cincinnati, Ohio and Pass Christian, Miss., spent the past two weekends at the home of the Osmond Blaizes. Following a stay of a few days in New Orleans, where they attended a banquet given in honor of her aunt, Miss Clara Chapin, who recently retired from the Government Service in New Orleans, they returned and spent another weekend at the Bay. Mrs. Mistler is the former Clara Marie Manuel, of Pass Christian. She is a graduate of St. Joseph Academy. Leaving the Bay on Sunday night they intended to spend several days before returning to Cincinnati.

Miss Patricia Ann Blaize celebrated their 7th Anniversary, Monday, Sept. 7, 1953.

Miss Patricia Ann Blaize spent Tuesday in New Orleans, with her maternal grandmother, shopping for her back to school wardrobe.

Mr. and Mrs. Herlihy John Moore and their daughters, Betty and Linda, of Beaumont, Tex., visited their parents, Mr. and Mrs. J. P. Moore, over Labor Day.

Two Aid In Library Cataloguing

Two librarians from the Mississippi library commission in Jackson, worked this week at the new Hancock County library helping to catalogue and arrange the new collection of books. Miss Mattie Milner and Miss Couty will remain for the better part of this week. Donations to the library were: Rev. and Mrs. C. R. Johnson \$5.00 Dr. and Mrs. W. P. Henderson \$25.00 on pledge. The Blue Jeans Garden Club made a donation last week.

County Agent Notes

Soybeans should be combined direct from the standing plant. The pods should be fully matured and the beans dry.

While soybeans can be combined at moisture contents of 14 percent and higher, they are not safe for storage with a moisture content of higher than 13.5 percent. Most soybean elevators have equipment for making the moisture test.

Here is a rough "rule of the thumb" test that you can use in the field: The pods should be dry enough to split open when squeezed between your thumb and forefinger. Dry beans will crack all the way through when you bite them. If the beans are cheesy, you can be pretty sure that the moisture content is too high.

Check your soybean crop for highest and best yields, combine when the beans are at the proper stage of maturity. Keep all safety shields in place when operating the combine. Do not allow riders, especially children on the combine. Always stop power-take-off before lubricating or adjusting the combine. Wear fairly tight-fitting clothing when working with the combine. Loose sleeves, pockets, and ragged or long-fingered gloves may get caught in the moving parts. Remember, it is better to be safe than sorry.

Pasture
Dairy farmers should consider planting oats and vetch in combination. This mixture will give grazing all winter and up until around April 15th. Then a hay crop can be cut from the oats or vetch.

Fescue should be nitrated and mineralized this month. However, it should not be grazed until it gets up around six to ten inches tall. Recommended nitrogen applications are 30 pounds in September and an additional 30 pounds per acre in November.

Late this month is the time to disk crimson clover-ryegrass volunteer areas. Fertilizer should be put out at the same time. Disking this combination during September makes for better grazing. If oats are wanted with the crimson-ryegrass they can be planted at the time of disking.

Lepesedea and other summer grazing areas should not be planted to ryegrass or crimson clover. They should be set aside for summer grazing only. However, where a farmer must use them for winter grazing, oats are the only recommended crop. These oats should be drilled 20 inches apart and grazed off completely.

Protect your pastures from fire. Build fire lanes around hay stacks and around permanent pasture areas. Don't let your winter feed

Farm Bureau Picks Committee

The Hancock County Farm Bureau has named its Resolutions Committee for the current year, and has begun a study toward the development of the kind of national and state programs that the farmers of this county desire, it is announced by E. C. Weston, President of the Hancock County Farm Bureau.

Members of the County Farm Bureau serving on the Resolutions Committee this year are: Fitzhugh Lee, Chairman, Leetown; Mrs. J. P. Rousseau, Clermont Harbor; Mr. F. F. Flynn, Sellers; Alton Keller, Aaron Academy and Flat Top; Cornelius Favre, Kiln; Mrs. Louis Bristow, Pearlington.

Their work is part of a planned program to get the "grass roots" thinking on state and national issues to determine from farmers what they want in the way of agricultural legislation.

The farmers of this county will submit their resolutions to the state Farm Bureau Resolutions Committee for study and development of the state resolutions.

The "grass roots" survey on policies and programs was requested by Secretary of Agriculture Benson so that farm people may have an opportunity to write the nation's agricultural program.

The Mississippi Farm Bureau Federation is asking farmers, themselves, to express their views on the issues through the democratic, free-choice resolutions process.

and permanent pasture areas join the all too many acres of grazing destroyed each fall because of fire.

Poultry
September's cool nights can make for trouble in the poultry house. Ventilation is needed in the day time as the weather continues hot; however, cool nights following hot days may cause colds among the hens and loss of production and profits.

Keep your poultry house open on warm days, but take time to close it up on these cool nights. Just before bed-time is a good time to close up the poultry house. Early the next morning is the time to open them up again. It might be getting hot in that house if you waited until mid-morning to open it.

Mississippi Gives Welfare \$2 Million

Mississippi gave over \$2 and a quarter million for public welfare assistance in August with the aged claiming \$1 and three-quarters million of this total.

In figures released by Commissioner J. A. Thigpen of the state department of public welfare it was disclosed that \$26,900 more had been given in August than in July.

Over 62,000 people received old age assistance. Department children were given \$344,000 for the next largest unit.

Aid for foster boarding care amounted to \$19,000 with the counties contributing \$1,700 of this total.

Oxford To Treat Ole Miss Students

College students of Hancock County entering the University of Mississippi this fall will be greeted by the city of Oxford in an all day all-out welcoming party.

The whole Oxford-University community is busy preparing for the fifth annual "Welcome Rebel" party. Oxford restaurants will treat students with free coffee all day.

In the early evening a parade led by the University and Oxford High School bands will form at the University and march to the courthouse square.

A pep rally anticipating the Rebel-Chattanooga game will be held in a blocked-off section of the city square. Mayor Richard Elliott and other city and University officials will extend greetings after the pep rally.

The Rebel Coach and his team captains are among those on the program. Miss University and Miss Oxford will also be on the platform.

form to extend a welcome to the students.

Explaining the purpose of the "Welcome Rebel" party, Mayor Elliott said: "This is just one way to show that we are happy to have the students back with us. We want them to feel from the start that Oxford is their second home town."
